Secretary to the Government of

His Highness the Maharaja of Mysore,

Departments of Education and Agriculture.

Dated Bangalore, the 19th February 1920.

Sir,

With reference to Government Order No.G.419-69/P.P. 11-19-1 dated 7th July 1919 directing that, pending further arrangements, all orders for articles to be purchased abroad should be sent to the Chief Secretary to Government on receipt of the usual departmental sanction, I have the honour to submit that only the marginally noted articles are generally ordered for the Meteorological Department from Mr. James J. Hicks, 8-10, Hatton Garden, London.

1. Bromide Charts for Barograph & Thermograph (supplied half-yearly).
2. Sunshine Recorder Charts (supplied yearly).
3. Anemograph Charts (supplied yearly).
4. Rain measure glasses and some Metl. instruments such as thermometers, occasionally.

As this Firm has been supplying the articles regularly all these 25 years (ever since the Bangalore Observatory was started) and as a half year's supply of bromide charts is now urgently required, I have the honour to request that permission may be kindly granted for ordering the same from the above said Firm direct, it being a small item costing only about £ 5/-.

I have the honour to be,
Sir,
Your most obedient servant,
